Custom Clearance and Transit for Ship Spares::

Both Air / Sea Freight Import shipments of ship spares are being handled and cleared as transit through all the ports in UAE. Our transport experts will make sure that all the spares will reach the vessel on time and as when it required onboard. To assist your logistical planning we can provide a realistic timetable for the formalities in advance ensuring that no valuable time is lost in process.

Project Cargo & Heavy Lift:

Project Cargo is a specialized field of freight forwarding, that requires immense expertise, experience, and knowledge.

Whales Shipping Line LLC provides heavy lift and oversized cargo handling services site to site, world-wide. No matter of the origin and final destination, our mission is

to find efficient solution. We operate by road and sea. Road low beds, heavy duty mobile cranes and heavy lift vessels are at our disposal for international and national services.

Our international network of partners, have been hand selected over many years to provide the same high standard of service and competitiveness.

Whales' shipping is able to provide this specialized shipping service to expedite international movements of Heavy Lift / Over Size and Project cargo

Bunkering:

We offer Bunkering and Lube Oil Supply.

- MDO / MGO supply at a very competitive price level both on roads and alongside.
- High Seas Bunkering.

Warehousing, Packaging & Distribution:

To keep your goods safe and secured to your final destination you may use our professional packing services. We have a team of professional packers, loaders that gives us an edge over the others. We offer

Corrugated, Wooden, Plastic and Bubble packing to meet our customer's requirement.

Inland Haulage:

We provide inland transport facility to our customers to meet their trucking requirements. We provide local transportation and also services to other GCC countries.

Global Freight Management:

As a provider of comprehensive transportation and forwarding services we offer very competitive freight rate from most of the premium and direct carriers / shipping lines. Our range of solution for import export services include.

a) **FCL** (Full container load) based on the good relationship we share with premium shipping lines, we try to provide the best solution to our customer in terms of very competitive freight rates transit time, security and services worldwide.

b) **LCL** (Less than Container Load) at times you may not need a full container and may find the full container charges too high. The solution is to call us if you have small shipment. We fill the container with other shipments making it possible for

our clients to "share" the price of the container with others. Our agency networks have capability to serve you with reliable services to many ports and points worldwide.
